

INTERNATIONAL FOOTBALL VILLAGE

June 10th - July 11th at Birchwood, Johannesburg, South Africa

ONE FAMILY

Facts & Figures

The Concept

The International Football Village (IFV) is a private initiative of South African and international business partners who intend to create a home for international and local visitors. It will allow all fans – be it tourists, locals, corporate partners, their customers and employees – to celebrate football in a safe environment that will showcase true (South) African hospitality. The IFV thereby is intended to be a platform for African hospitality, cultural exchange, international dialogue and political and business discussion forums. Entertainment will be guaranteed not only by public broadcasting of all World Cup matches, but also by cultural performances, sport events, exhibitions, political visits, discussion panels as well as international food and beverage offers. Up to 10,000 visitors are expected to come to the IFV on average every day, forming a truly international and diverse community as ONE FAMILY.
